ACTIVITY TIPS

Natural Gas Distribution System

This basic activity appears in the section *Natural Gas Science*. Have Students read the [Get Small](#) page in this section before printing this page and attempting this activity. Students should label the parts of the gas distribution system as follows:

1. Well
2. Processing Plant
3. Transmission Pipes
4. Compressor Station
5. Storage Tanks
6. Utility
7. Distribution Mains
8. Service Lines
9. Gas Meter
10. Appliance
